

Terms for the installation, service and commissioning

A) General:

- 1) Unless otherwise agreed, any kind of commissioning, installation and service shall be charged separately to the customer.
- 2) All Service calls have to be clarified in advance at the head office Weger Kiens.
- 3) If the installation or the commissioning delays without fault of Weger, the customer has to bear all costs for the waiting time. Work on Sundays or on holidays as well as overtime will be charged with additions according to the valid rates mentioned below (see B-rates).
- 4) The client respectively the customer has to make timely the preparations for the work and the necessary connection work respectively to provide everything necessary. The obtaining of necessary permissions and tests is in any case the responsibility of the byer.
- 5) For a proper assembly work, a date with corresponding lead time must be agreed with the company WEGER.
- 6) For a last minute change of the appointment, applies point A 5) of this condition.
- 7) On delivery, sufficient space must be available for the truck and unloading.
- 8) For the offer including installation, the prices are calculated on the basis of a continuous installation, i.e. if additional journeys are required due to construction side interruptions or delays for which is Weger not responsible, these will be charged separately.
- 9) For installation and assembly work of subcontractors, commissioned by Weger, it has to be clearly defined: who is the current contract person at the building site and who, as the decisions-maker, countersigns any additional costs.
- 10) No guarantee is provided, if the installation at the building site with segmented elements is not supervised or carried out by our technical staff or the supervisor.

B) -Rates:

- 1) These cost rates are valid for commissioning, maintenance work, repair work, installation, training as well as comparable plant outputs, that will be charged according to cost and effort.
